

§ 272.5

7 CFR Ch. II (1–1–08 Edition)

Delays in processing caused by this resolution shall be handled in accordance with § 273.2(h).

(3) State agencies shall develop follow-up procedures and corrective action requirements, including time frames within which action must be taken, to be applied to data obtained from matching for duplicate participation. Follow-up actions shall include, but not be limited to, the adjustment of benefits and eligibility, filing of claims, disqualification hearings, and referrals for prosecution, as appropriate.

(4) FNS reserves the right to review State agencies' use of data obtained from matching for duplicate participation and may require State agencies to take additional specific action to ensure that such data is being used to protect Program integrity.

(f) *Hours of operation.* State agencies are responsible for setting the hours of operation for their food stamp offices. In doing so, State agencies must take into account the special needs of the populations they serve including households containing a working person.

(g) *Fraud detection units.* State agencies shall establish and operate fraud detection units in all project areas in which 5,000 or more households participate in the Program. The fraud detection unit shall be responsible for detecting, investigating and assisting in the prosecution of Program fraud and need not be physically located in each 5,000 household "catchment area". The workers fulfilling this function need not work full-time in fraud detection nor work exclusively on the Program. A written State agency procedure which systematically identifies and refers potential fraud cases to Investigators shall be considered a "detection" activity meeting the requirements of this section. The fraud detection function may be performed by persons not employed by the State agency.
